

Aongatete Camp Concert

Task: Provide entertainment by acting out an experience from your camp experience or something in the natural environment

You Need: Co-operation, enthusiasm, a creative mind, observation skills, possibly some props.

Optional: Cards with a skid topics to draw/choose from (see ideas below)

Organisation: Skids/Performances can be acted out by individuals or in small groups

Activity:

- Groups create their own “nature/camp interaction drama”.
- Brief students on the first day of camp, so they have some awareness of what is expected of them and so they can think and choose a topic from their camp experiences and activities to prepare their act.
- Give a time limit per skid/performance
- Allow time for them to practice their skid
- On the day of the camp concert collect props/resources if needed. (Remind them to protect the environment if they need natural resources)
